

Glastron® Sport Fisherman

2004

Gla

For nearly fifty years, we here at Glastron have been building and selling great fiberglass boats. We have the experience (we've built more than 360,000 boats) to know how to combine user-friendly, feature-rich construction and customer service.

Now, with the introduction of our Sport Fisherman series, we've given our attention to big water fishing boats.

The Glastron Sport Fisherman

In bringing the Sport Fisherman series to you, we've built a model that is a high quality, highly functional fishing boat. Whether you're on the Intracoastal or Great Lakes, the Glastron Sport Fisherman is built with serious anglers in mind.

Take our word for it. These models will change the way you fish. We've put the right features on these boats—features you'll appreciate when you're out on the water—features like large cockpits, stainless steel steering wheels, large fuel tanks, and stainless steel rod holders. You'll also d

Glastron Goes Fishing.

For nearly fifty years, we here at Glastron® Boats have been designing, building and selling great fiberglass boats. With all those years and all that experience (we've built more than 360,000 boats) we know as well as any boat builder how to combine user-friendly, feature-rich design with quality construction and customer service.

Now, with the introduction of our Sport Fisherman series, we're turning our attention to big water fishing boats.

The Glastron Sport Fisherman.

In bringing the Sport Fisherman series to market, we've made sure every model is a high quality, highly functional fishing machine. Offshore, Intracoastal or Great Lakes, the Glastron Sport Fisherman line is designed and built with serious anglers in mind.

Take our word for it. These models will complement and support you and the way you fish. We've put the right features right where you'll need them to be when you're out on the water—features like roomy self-draining cockpits, stainless steel steering wheels, large baitwells, and stainless steel rod holders. You'll also discover

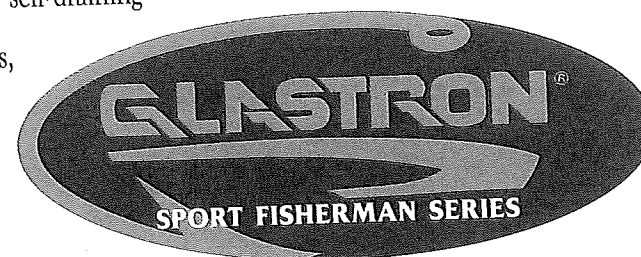

and appreciate details like a flush-mount electronics panel, a lighted compass, and plenty of drink holders.

The Whole Package.

Buy a Glastron Sport Fisherman and you get more than a fishing boat. You get nearly fifty years of experience in designing, building and steadily improving just about every detail that goes into a fiberglass boat. Feature for feature, you get exceptional value when you buy—and you get exceptional resale value too.

You also get the satisfaction of knowing that your boat is backed by Genmar, the industry's number one fiberglass boat builder. You get a year of Genmar FirstMate™ service, which provides live telephone assistance with everything from the latest weather forecast to the location of the nearest gas dock. And you get Genmar FishMate™, your source for catch limits and license requirements, tournament schedules and results, even tips on where the fish are biting and on what. Genmar FirstMate™ and FishMate™ are both there 24/7/365.

We're Glastron. We're going fishing. If you're in the market for a well-designed, superbly-built, versatile fishing boat, maybe it's time you came aboard.

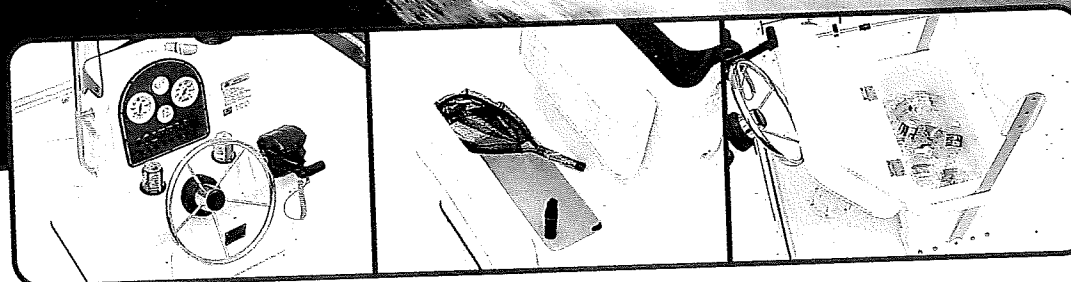

173 CC

4

Johnson

We designed the 173 Center Console to be an economical sport fishing boat, one that's at home on just about all kinds of water. Strong and lightweight, it draws a mere 13" in the shallows and yet it's stable enough for big water. The open cockpit has all the room you need for landing fish. Versatile and easy to trailer, this one blends fuel economy, performance, handling and fishing features in ways that make every day on the water more productive and more fun.

Standard Features:

- Automatic bilge pump
- Binnacle control
- Flip-back cooler seat (48 qt.)
- Gunwale-mount stainless steel rod holders (2)
- Half dive/swim platform with ladder
- Insulated baitwell system
- Rod storage (port & starboard)
- Self-draining anchor locker
- Self-draining cockpit
- Skid-resistant fiberglass floor
- Stainless steel bow rail
- Stainless steel steering wheel
- Stainless steel windshield grab rail

Options:

- Value Package: Bimini top, compass and bow cushions

Engine Choices:

- Johnson 90 PLSR
- Johnson 115 PLSR
- Evinrude 115 FPLSR

Specifications:

- Length: 16' 6" (5.1 m)
- Beam: 83" (2.1 m)
- Approx. Weight: 1557 lbs (706 kg) without engine
- Transom Deadrise: 16°
- Draft (drive up): 13" (.33 m)
- Fuel Capacity: 29 gal (110 L)
- Max. Capacity: 737 lbs (334 kg)
- Max. Horsepower: 115
- Approx. Range at Cruising Speed: 135 miles
- Bridge Clearance: 6' (1.8 m)

Johnson

Some boats just seem to want to go fishing. Case in point: the 183 Center Console. At eighteen feet, this boat has big fishing aspirations and lots of fishing features. There's a spacious, raised, forward casting platform, lots of storage for rods and tackle, two insulated fish boxes, and a baitwell system. The 183 CC has the versatility to go shallow or deep, along with a fuel capacity that gives you the range to go just about anywhere. Here's a well-equipped and reliable fishing boat you can count on for years to come.
