TABLE OF CONTENTS

OVER 60 YEARS OF LEADERSHIP

A PROMINENT PAST

Glastron has been building boats for over 60 years—a milestone only a few companies have achieved. During that time, they have built nearly half a million fiberglass boats.

ADVANCED ENGINEERING

More than any other manufacturer, Glastron has a legacy of unprecedented product innovations and technological breakthroughs. Amongst them:

THE DEEP-VEE HULL
THE TRI-HULL
TWO-TONE GRAPHICS
STERNDRIVE-POWERED BOATS
THE SSV HULL FIBERGLASS STRINGER SYSTEMS

SUPERSTARS OF THE WATER

More than a few well-known people have owned Glastron boats over the years, from President Lyndon Johnson to England's Royal Family, to Elvis Presley. Glastron boats also appeared in numerous movies and TV shows. Glastron was even James Bond's boat of choice in Live and Let Die, and Moonraker.

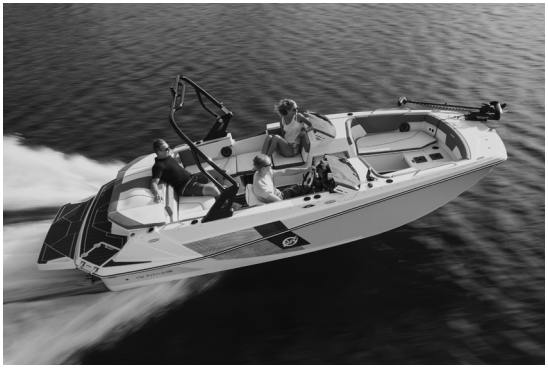
THE LEGENDARY SWEEP SPEAR

The Glastron "Sweep Spear" is the most well-known icon in boating. It's the marine industries equivalent to the Nike® "Swoosh"

OUTPERFORMING THE COMPETITION

Throughout the company's 60+ years, its focus has been on designing and building boats that provide a great overall family boating experience. The company has always managed to stay ahead of other manufacturers in building boats that possess three distinct Glastron qualities:

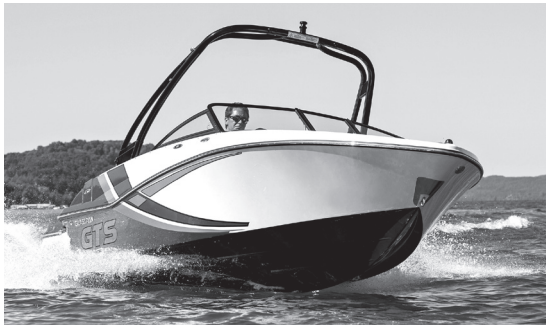
ADVANCED TECHNOLOGY
HIGHLY FUNCTIONAL, FAMILY-FRIENDLY DESIGNS
OUTSTANDING PERFORMANCE



EVERY GLASTRON MODEL DELIVERS PERFORMANCE ATTRIBUTES THAT EVERY FAMILY BOATER CAN APPRECIATE:

QUICK PLANING TIMES
MINIMAL BOWRISE
IMPRESSIVE TOP SPEEDS
LOW MINIMUM PLANING SPEEDS (crucial for wake sports)
AGILE HANDLING
EXCELLENT FUEL ECONOMY

SSV HULL DESIGN

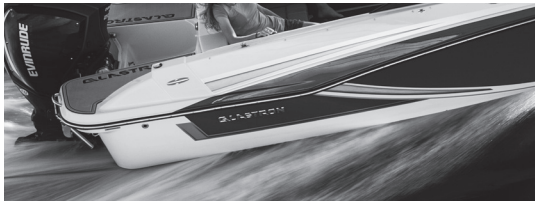


YEARS OF UNSATURATED DOMINANCE

The legendary SSV (Super Stable Vee®) hull design is the biggest reason why Glastron boats perform so well. It's quick to plane (with minimal bowrise), stable at high speeds, and tracks tight in the turns.

The SSV hull's lightweight and hydrodynamic efficiency results in another big advantage—excellent fuel economy.

The SSV hull features tuned strakes molded longitudinally into the hull. They form a series of horizontal planing surfaces that create lift by deflecting spray down and away from the hull—a key reason why Glastron boats get on plane so quickly.



Under power, the SSV hull's wide reverse chines create a "bank" of water for added lift and precise, stable turning. Boats without them have a flatter running surface that results in a more jarring ride with a tendency to slide in turns. On most boat hulls, the chines diminish in the forward half of the hull. In comparison, the SSV hull's wide chines extend far forward. These extended chines reduce rocking from side-to-side and front-to-back by acting as sponsons when the boat is at rest.

Glastron's SSV hull is patented; only Glastron has it. So, no matter what other manufacturers tell you, they don't have an SSV hull.

PICK YOUR POWER

POWER COMES WITH CHOICE

Glaston continues to offer preferred engine choices for our customers. Unlike other boat manufacturers that offer just one brand of engine, Glastron offers a wide range of power offerings to ensure our customers purchase the engine that best suits their needs.

WINNING EDGE NORTH AMERICAN OWNER PROTECTION PLAN

2020 LIMITED WARRANTY FIBERGLASS BOATS AND TRAILERS

Rec Boat Holdings, LLC dba Glastron ("Glastron") warrants to you, the first North American retail purchaser of this 2020 model year Glastron boat and/or trailer or a second North American retail purchaser as noted below ("you"), that it will repair or replace, at its sole discretion, defects in materials or workmanship that occur and are reported to Glastron, or its factory authorized dealer, within the applicable limited warranty periods, subject to the terms, conditions and exclusions set forth below. Your acceptance of delivery of the warranted Glastron boat and/or trailer constitutes your acceptance of the terms of this limited warranty. This limited warranty gives you specific legal rights and you may have other rights which may vary from state to state.

This limited warranty is the sole and exclusive express warranty from Glastron regarding your 2020 Glastron boat and/or trailer and there are no express warranties which extend beyond those outlined in this limited warranty. There are no implied warranties from Glastron, unless otherwise required under applicable law, and ALL IMPLIED OR STATUTORY WARRANTIES (INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE) ARE EXCLUDED AND DISCLAIMED WHERE ALLOWED BY APPLICABLE LAW. ANY IMPLIED WARRANTIES OR CONDITIONS (IF APPLICABLE) ARE LIMITED TO THE MINIMUM PERIOD OF TIME ALLOWED UNDER APPLICABLE LAW. Some states do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.

Coverage Under This Limited Warranty

Trailer Limited Warranty: The limited warranty period runs for one (1) year for defects in trailer components, except as noted below.

Exterior Cosmetic Gel Coat Limited Warranty: The limited warranty period runs for one (1) year for defects in the boat's exterior cosmetic gel coat, including cracking, crazing, discoloring and fading, except as noted below.

Non-Structural Parts And Components Limited Warranty: The limited warranty period runs for three (3) years for defects in the boat's non-structural parts and components, except as noted below. All Non-Structural Hull and Component warranty repairs are subject to a $100 deductible per warranty claim for years 2 & 3.

Osmotic Hull Blister Limited Warranty: The limited warranty period to the first North American retail purchaser runs for five (5) years, except as noted below, for osmotic Hull (defined below) blisters on the boat, which are defined as blisters larger than 1/8" diameter and with a depth of 1/16" or greater, which occur on the boat Hull below the waterline. This limited warranty is not transferrable

If the boat is bottom painted or left in water for more than sixty (60) days in any ninety (90) day period, this limited warranty will only apply if a marine barrier coating with proper surface preparation is applied to the boat Hull before it is bottom painted or left in water for more than sixty (60) days in any ninety (90) day period.

In the event of osmotic blistering, Glastron must approve of any repairs, and their method and cost, **before** the repairs are performed, for this limited warranty to apply. Once any repairs are completed, a marine barrier coating will be applied to the affected Hull surface area(s).

Repairs under this osmotic Hull blister limited warranty are limited to one time. Any repair costs covered under this limited warranty are limited to labor and materials only. They will be paid on a prorated basis, according to the schedule outlined below. The repair costs cannot exceed $150 (US) per foot of boat length prior to the prorating outlined below:

Osmotic Hull blistering reported to Glastron:	Amount of repair costs paid:
Less than two (2) years from date of delivery	100%
Two (2) to less than three (3) years from date of delivery	75%
Three (3) to less than four (4) years from date of delivery	50%
Four (4) to five (5) years from date of delivery	25%

Structural Hull Or Deck Limited Warranty: The limited warranty period to the first North American retail purchaser runs for the duration of the first North American retail purchaser's period of ownership for Structural Hull or Deck Defects (defined below), except as noted below. The limited warranty period to the second (if applicable) North American retail purchaser runs for ten (10) years for Structural Hull or Deck Defects, except as noted below. For purposes of this limited warranty, the "Hull" shall mean the single fiberglass molded shell and integral structural within the shell, including stringers, floorboards, transom and related structural reinforcements, all of which are below the Hull flange (i.e. gunwale) and the "Deck" shall mean the single fiberglass molded shell and integral fiberglass structural components above the Hull flange (i.e. gunwale). A "Structural Hull or Deck Defect" shall mean a substantial defect in the boat's Hull or Deck, which causes the boat to be unfit or unsafe for use as a pleasure craft under normal operating conditions.

The applicable limited warranty period, for both the First and Second (if applicable) North American retail purchasers, runs from the date of delivery of the boat and/or trailer to the first North American retail purchaser, provided that the boat and/or trailer is delivered to that purchaser within twelve (12) months from the date of its manufacture. For a boat and/or trailer delivered to that purchaser more than twelve (12) months after the date of its manufacture, the limited warranty period runs from the date of its manufacture, not from the date the boat and/or trailer was delivered to that purchaser. For a boat and/or trailer delivered to that purchaser more than twelve (12) months and up to thirty-six (36) months after its date of manufacture, the selling dealer will be required to submit a condition report on the boat and/or trailer with photos to Glastron before delivery of the boat and/or trailer to that purchaser; Glastron will then determine and advise what limited warranty coverage remains in effect on the boat and/or the trailer, if any. For a boat and/or trailer delivered to that purchaser more than thirty-six (36) months after the date of its manufacture, only the structural limited warranty on the boat will be in effect; all other limited warranties are voided. All limited warranties run concurrently. The warranty coverage applies only to warranted defects which first manifest themselves and are reported to Glastron during the applicable warranty period.

Certain portions of this limited warranty, as noted above, extend only to the first North American retail purchaser. Other portions of this limited warranty, as noted above, may be transferred to a second North American retail purchaser, if the transfer occurs within five (5) years of the boat's and/or trailer's sale to the first North American retail purchaser, for a non-refundable recording fee of $300 (US), for all boats, provided the second North American retail purchaser purchases the boat and/or trailer from the first North American retail purchaser or an authorized Glastron dealer. To transfer the limited warranty, the second North American retail purchaser or the authorized Glastron dealer must send to Glastron, within fifteen (15) days of the boat's and/or trailer's purchase, at the address noted below, the: 1) proof of the purchase; and 2) the non-refundable recording fee made payable to Rec Boat Holdings, LLC dba Glastron. This limited warranty may only be transferred **once**. Glastron will confirm all limited warranty transfers, in writing, to the authorized Glastron dealer and/or second North American retail

purchaser via email. Glastron reserves the right to reject a limited warranty transfer request for a Glastron boat and/or trailer that has been damaged, neglected or otherwise previously excluded from limited warranty coverage.

Rec Boat Holdings, LLC dba Glastron ("Glastron") warrants to you, the first International retail purchaser of this 2020 model year Glastron boat from a factory authorized dealer, or a second International retail purchaser as noted below ("you"), that it will repair or replace, at its sole discretion, defects in materials or workmanship that occur and are reported to Glastron, or its factory authorized dealer, within the applicable limited warranty periods, subject to the terms, conditions and exclusions set forth below. Your acceptance of delivery of the warranted Glastron boat constitutes your acceptance of the terms of this limited warranty.

This limited warranty is the sole and exclusive express warranty from Glastron regarding your 2020 Glastron boat, and there are no express warranties which extend beyond those outlined in this limited warranty. There are no implied warranties from Glastron, unless otherwise required under applicable law, and ALL IMPLIED OR STATUTORY WARRANTIES OR CONDITIONS (INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE) ARE EXCLUDED AND DISCLAIMED WHERE ALLOWED BY APPLICABLE LAW. ANY IMPLIED WARRANTIES OR CONDITIONS (IF APPLICABLE) ARE LIMITED TO THE MINIMUM PERIOD OF TIME ALLOWED UNDER APPLICABLE LAW. Retail purchasers in the European Union (EU) may have legal rights under applicable national legislation and the Consumers Protective Directive 1999/44/EC of the European Parliament and of the Council of 25 May 1999, governing the sale of consumer goods, which are not affected by this limited warranty. Retail purchasers in other countries may also have legal rights which are not affected by this limited warranty.

Non-Structural Parts And Components Limited Warranty: The limited warranty period runs for for three (3) years for defects in the boat's non-structural parts and components, except as noted below. All Non-Structural Hull and Component warranty repairs are subject to a $100 deductible per warranty claim for years 2 & 3.

Osmotic Hull Blister Limited Warranty: The limited warranty period to the first International retail purchaser runs for five (5) years, except as noted below, for osmotic Hull (defined below) blisters, which are defined as blisters larger than 1/8" diameter and with a depth of 1/16" or greater, which occur on the boat Hull below the waterline. This limited warranty is not transferrable.

If the boat is bottom painted or left in the water for more than sixty (60) days in any ninety (90) day period, this limited warranty will only apply if a marine barrier coating with proper surface preparation is applied to the boat Hull before it is bottom painted or left in water for more than sixty (60) days in any ninety (90) day period.

In the event of osmotic blistering, Glastron must approve of any repairs, and their method and cost, **before** the repairs are performed, for this limited warranty to apply. Once any repairs are completed, a marine barrier coating will be applied to the affected Hull surface area(s).

Repairs under this osmotic Hull blister limited warranty are limited to one time. Any repair costs covered under this limited warranty are limited to labor and materials only. They will be paid on a prorated basis, according to the schedule outlined below. The repair costs cannot exceed $150 (US) per foot of boat length prior to the prorating outlined below:

Osmotic Hull blistering reported to Glastron:	Amount of repair costs paid:
Less than two (2) years from date of delivery	100%

Four (4) to five (5) years from date of delivery	25%

Structural Hull Or Deck Component Limited Warranty: The limited warranty period to the first International retail purchaser runs for the duration of the first International retail purchaser's period of ownership for Structural Hull or Deck Defects (defined below), except as noted below. A "Structural Hull or Deck Defect" shall mean a substantial defect in the boat's Hull or Deck, which causes the boat to be unsafe or unfit for use as a pleasure craft under normal operating conditions.

The applicable limited warranty period, for both the first and second (if applicable) International retail purchasers, runs from the date of delivery of the boat to the first International retail purchaser, provided that the boat is delivered to that purchaser within twelve (12) months from the date of its manufacture. For a boat delivered to that purchaser more than twelve (12) months after the date of its manufacture, the limited warranty period runs from the date of its manufacture, not from the date the boat was delivered to that purchaser. For a boat delivered to that purchaser more than twelve (12) months and up to thirty-six (36) months after its date of manufacture, the selling dealer will be required to submit a condition report on the boat with photos to Glastron before delivery of the boat to the first International retail purchaser; Glastron will then determine and advise what limited warranty coverage remains in effect on the boat, if any. For a boat delivered to that purchaser more than thirty-six (36) months after the date of its manufacture, only the structural limited warranty on the boat will be in effect; all other limited warranties are voided. All limited warranties run concurrently.
